Faktiskt ett konstverk som man vill äga. Är det blomman som doftar så berusande?

Really a work of art worth owning. Is it the flower that smells so sweet?

Tatsächlich ein Kunstwerk, das man besitzen will, ist es die Blume, die so berauschend duftet?

Vraiment une œuvre d'art qu'on a envie de posséder. Est-ce la fleur qui dégage un parfum aussi enivrant?

Veramente un'opera d'arte che si vorrebbe avere. Non è il fiore che odora così inebriante?

Det står inganstans att man inte får vidröra tavlor.

It doesn't say anywhere that you mustn't touch the exhibits.

Da steht nirgendwo, daß man die Bilder nicht berühren darf.

Il n'est écrit nulle part qu'il ne faut pas toucher aux tableaux.

Non c'è scritto in nessuna parte che non si può toccare i quadri.

Nej ingen ser ved jag gör.

No-one can see what I'm doing.

Nein, niemand sieht, was ich tu'.

Personne ne voit ce que je fais.

No nessuno vede cosa faccio.

En del tavlor fordrar liksom aktiv medverkan från åskådaren.

Some pictures sort of demand active participation from the spectator.

Ein paar Bilder fördern geradezu eine aktive Beteiligung der Zuschauer heraus.

Il y des tableaux qui demandent en quelque sorte une participation active de la part du spectateur.

Alcuni quadri richiedono una partecipazione attiva da parte degli ammiratori.

Jag känner att jeg också har konstnärlige anlag.

I believe I too have artistic talents.

Ich fühle, daß ich auch künstlerisch veranlagt bin.

Je sens que moi aussi, j'ai des dispositions artistiques.

Artistic.

Sento che anch'io ho la vena d'artista.

Dat gäller att tränga in i konstens värld.
One must penetrate the world of art.
Man muß in die Welt der Kunst eindringen.
Il s'agit de pénétrer dans le monde de l'art.
Bisogna entrare nel mondo dell'arte.

Vem vet om inte också konstverket kan njuta av
åskådaren och inte bara tvärtom.

Perhaps a work of art can enjoy the spectator and
not just the other way round. Who knows?

Wer weiß, ob nicht auch das Kunstwerk Genuß vom
Beschauber haben kann und nicht nur umgekehrt.

Où sait si l'œuvre d'art ne peut jouir elle aussi du
spectateur au lieu que ce soit seulement le contraire.

Chi lo sa se anche il quadro può godere dell' ammitra-
tore e non solo viceversa

Den här tavlan verkar så levande . . . En bild direkt ur livet.

This picture is so life-like. Taken direct from life.

Das Bild da macht einen so lebendigen Eindruck . . . Ein Bild direkt aus dem Leben.

Ce tableau-là paraît si vivant . . . Un tableau tiré directement de la vie.

Questo quadro sembra così vivo . . . una veduta presa dalla vita.

Man bör njuta av konsten med alla sinnen . . . även smak och doft.

Art should be enjoyed by all the senses — taste and smell too.

Man muß die Kunst mit allen Sinnen genießen . . . auch Geschmack und Duft.

Il faut jouir de l'art avec tous ses sens . . . même le goût et l'odorat.

Bisogna godere l'arte con tutti i sensi . . . anche il palato e l'olfatto.

O, jag tillber konstens mussa.
I invoke the Muse of Art.
Oh, Muse der Kunst, ich bete dich an!
Oh! j'adore la Muse de l'Art . . .
Io invoco la dea dell' arte.

Mitt konstintresse bara växer och växer.
My interest in art just grows and grows.
Mein Kunstinteresse wächst und wächst.
Mon intérêt pour l'art grandit, grandit . . .
Il mio interesse per l'arte cresce sempre più.

Man ska försöka tränga ner till botten.

You must try to get to the bottom of things.

Man muß versuchen, bis zum Grund vorzudringen.

Il faut essayer de pénétrer jusqu'au fond.

Bisogna cercare di entrare fino al fondo.

...och satta sitta
...and give all you've got
...und satch gatch satchsatch
...at de matter in fact
...a dass auto

Jeg er en virkelig konstabel
I'm a real art lover

After the second, third, and fourth years, the 100-hour requirement for the master's degree was reduced to 75 hours. The 1990s saw the implementation of the 75-hour requirement, which was a significant change in the program's structure. The program was also revised to include a more rigorous curriculum, with a focus on research and scholarship. It is often said that education, and that alone, can change the world. It is true that education is a powerful force for change, but it is not the only one. Education is a process, and it is a process that is ongoing. It is a process that is shaped by the values and beliefs of the society in which it takes place. Education is a process that is shaped by the needs and interests of the people who are being educated. Education is a process that is shaped by the resources that are available to it. Education is a process that is shaped by the challenges that it faces. Education is a process that is shaped by the opportunities that it presents. Education is a process that is shaped by the choices that we make. Education is a process that is shaped by the actions that we take. Education is a process that is shaped by the results that we achieve. Education is a process that is shaped by the future that we create.
